HOURLY OUTRAGES CONTINUE

Armed Bands of Chinese Robbers Loot Shops and Houses

IMPERIALISTS' FORTS

Of Purple Hill Captured by the Rebels, Heavy Loss of Life Resulting.

Hong Kong, Dec. 1.—Though the reign of piracy on the West river has been checked and conditions on shore remain chaotic, in the towns and villages along the river the deplorable outrages continue hourly. For several days armed bands of robbers have gone about Canton looting shops and houses.

Today twenty-five ruffians, bristling with arms, walked into a bank in the south suburbs and escaped with $5,000 in cash. Another band of seven robbers ventured into the market place and plundered two of the most prominent shops before the eyes of the panic stricken onlookers. They secured several hundred dollars and walked cooly off. The local police watched the spectacle helplessly.

Police fighting continues on every side. Many were killed and wounded in the escapades including a score of innocent people. Stern measures are being adopted by the government to repress this outlawery One permits the flogging of the offenders.

Nanking, Dec. 1.— By wireless to Shanghai.)—Another decisive blow was struck at the throne by the rebels today, when they captured the loyalist redoubts on Purple Hill, the last stronghold of the government forces

Heavy loss of life accompanied the victory, which was determined after desperate bayonet charges of the rebels The rebels are again in possession of practically the whole city

The capture of the imperialists' forts along the mountain top was one of the most brilliant operations of the revolutionary campaign and was marked by reckless bravery on the part of 3,000 Woo Sung rebel soldiers. who scaled the heights of Purple Hill in the face of a death-dealing fire from the loyalist cannon and small arms.

The ridge of the point where the redoubts were stormed is precipitous but the rebels scaled it like ants The men's rifles were strapped on their swords in their teeth.

backs and some of them carried

The loyalists' artillery became less and less effective as the rebels got nearer to the heights. Many of the shells went high, exploding in the rear of the attacking column.

As the men reached the heights they charged with fixed bayonets, driving back the artillerymen from their guns.

With the savagery of demons they threw themselves upon the defending loyalists, bayoneting them down as they fled The rebel loss of life was placed at 200 The imperialists' was even heavier.

TO INCREASE GERMAN NAVY

Berlin, Dec. 1—An immense increase in the German navy has been decided upon and $90,000,000 will be spent in bringing the ships of the Kaiser up to the standard of Great Britain. The expenditure will be spread over a period of six years.

WON'T DISMISS AMERICAN OR PAY CZAR INDEMNITY

Teheran, Persia, Dec. 1.—The national council today rejected the Russian ultimatum by a big majority. The foreign minister immediately resigned. The ultimatum called for the instant dismissal of W. Morgan Shuster, the American treasurer-general, and a heavy cash indemnity to cover the costs of the dispatch of Russian troops to Persia.

A speaker of the council declared it was impossible for Persia to sign away her independence and that if Russia should wrest it from her it was God's will. Before the vote was taken a deputation waited on Shuster who begged them to consider only the best interests of the country in any action they might take.

Just a quarter of an hour before the ultimatum expired the council declared against it. In the meantime immense crowds had gathered outside the parliament house awaiting the verdict.

During the meeting of the council a cablegram from the British foreign minister was presented which advised compliance with the demands of Russia. Members of the council pointed out that heretofore compliance with the Britain advice had wrought only humiliation to Persia.

Allah Ed Dowleh, ex-governor of a Persian province was assassinated as he left his residence this morning. Three men committed the crime riddling the victim with seven shots. Political reasons are believed to have caused the assassination.

St. Petersburg, Dec. 1.—In consequence of the rejection by the Persian national council of the Russian demands, Russia has ordered the Russian troops now concentrated at Resht, capital of the Persian province of Ghilan, to advace on Teheran.

Russia has 4,000 men concentrated on Persian territory and will at once proceed to throw their entire strength against the authorities of that land.

LOCKOUT OF METAL WORKERS AFFECTS 60,000

Berlin, Dec. 1.—The lockout of metal workers which went into effect last night has already affected 50,000 to 60,000 men. The strikers have refused to accept the agreement drawn up at a joint conference yesterday and again met today to try and affect a compromise. A conference was also held today between the representatives of the 50,000 strikers of the cloak and suit makers and manufacturers. A settlement is probable between the last it is believed.

Norwalk, Dec. 1.—Fred Meir, a linotype operator of this city, employed in the Cleveland News office, who was ill with nervous prostration died suddenly in a Lake Shore electric car, just out of Cleveland, while coming home to his mother's on advice of his physician. He fell over in his seat and was dead before help could reach him.

FIFTY INJURED IN COLLAPSE OF A GRAND STAND

Jackson, Miss., Dec. 1.—Fifty persons were injured, several possibly fatally, when a temporary grand stand at the state fair grounds collapsed just before play was started yesterday in the annual football contest between the University of Mississippi and Mississippi Agricultural and Mechanical College. A thousand or more spectators tumbled to the ground with the wreckage of the stand.

The stand gave way without warning, suddenly tilting to one side and doing down under its burden of humanity. A number of women and children were among the occupants of the structure.

The wounded were hurried to hospitals and private homes for surgical attention as quickly as automobiles, carriages and other vehicles could be summoned.

Thomas Spengler of Jackson. J. C. Gathins, Prairie, Miss., and T. W. Henry, Clinton, Miss., are the most seriously hurt Both of Spengler's legs were broken. Gathins and Henry were hurt internally.

Lieut. Gov. Manship and Secretary of State J. N. Power of Mississippi were among those in the stand at the time it collapsed. They escaped with slight bruises.

PROSECUTOR WILL COMBAT THE PARDON

Cincinnati, Dec. 1.—It was announced today that Prosecutor Hunt, mayor-elect of Cincinnati, will combat the granting of a pardon to Charles Warriner, serving a six-year sentence in the Ohio penitentiary, for the embezzlement of funds from the Big Four railroad. The prosecutor has written the state pardon board stating that Warriner confessed to the theft of more than $612,000 and that the sentence was a light one, as Warriner will serve only three years and nine months allowing for time off for good behavior. He will not recommend a parole.

PREFERS THE SMITHY ANVIL TO FOOTLIGHTS

Dayton, Dec 1.—Convinced that swinging the sledge or fashioning the red-hot iron into horse shoes is more remunerative than enacting the part of Richard III or the Merchant of Venice, George Williams, a blacksmith of Wilkesbarre, Pa., who quit the stage at Terre Haute, Ind., and started to foot it home, arrived in Dayton footsore and penniless. He was given lodging in the city prison and a Thanksgiving breakfast of bread and bologna. Yesterday morning Williams resumed the journey homeward. He said he would return to the anvil, never to leave, it again.

CHANGES IN THE EXECUTIVE FORCE AT WHITE HOUSE

Washington, Dec. 1.—Rudolph Forster who has been connected with the White House in an executive capacity for more than ten years, was today appointed executive clerk to the president at $5,000 a year and Sherman T. Allen of the Washington bureau of the New York Herald was sworn in as his successor as chief clerk. Allen is from Burlington, Vermont, and was at one time private secretary to assistant secretary of the navy, Mr. Newberry. The position he assumes at the White House pays $4,000 a year.

ATTY-GEN. HOGAN

Has Wordy Exchange With Ex-Senator Williams and Both Become Somewhat Sarcastic.

Columbus, O., Dec. 1.—People all over the State are becoming interested in a heated controversy between Attorney General Hogan and former State Senator Daniel Webster Williams, editor of the Jackson Standard Journal.

Mr. Williams in an editorial drew an answer from Mr. Hogan before the Columbus Jefferson club, and later through the columns of the Wellston Transcript said: 'The escape of the nineteenth prisoner from Warden T. H. B. Jones demands something more than a blarney stone investigation."

"Articles of this kind," saind Mr. Hogan, "are misleading to the public and unfair. However, the editor of The Standard Journal has never cared much for fairness, and it is no wonder that despite his ambitions and despite opportunities which come to few, he occupies a rear position in political life with no hope of advancement.

"Small, indeed, is the man who will insult a race to strike a blow at an individual."

Mr. Hogan declared he had no authority to investigate prison escapes. He defended his administration saying that out of over 700 opinions he had been overruled by the courts only once.

TOOK BEAGLE HOUND FROM SMALL BOYS

Yesterday three men accosted several boys near Stadden's bridge and took a beagle hound with which the boys were playing. The men quickly hurried away, but not before they had been recognized by some one in the neighborhood. The owner of the dog does not wish to cause any trouble, but if the hound is not returned at once he will have warrants issued and prosecute the men to the full extent of the law.

WHAT IS IT?

What we must all go through.

Answer to Thursday's puzzle—Turkeys.

STEAMER FOUNDERS ON ROCKS

Raleigh of Cleveland Encounters Fierce Storm Near Port Colborne

TWO PEOPLE DROWNED

Crew Fought to Keep Steamer in Midlake---Ship Goes Down in Lake Superior.

Buffalo, Dec. 1—The steamer Raleigh, Captain Beauvais of Cleveland, was blown on the rocks six miles east of Port Colborne yesterday and is rapidly going to pieces. Two members of the crew, Mr. and Mrs. Wise, the latter the steamer's cook, were drowned, and William Prichard, the engineer, is still on board the wreck. All are from Cleveland.

The Raleigh left Port Colborne Wednesday night with a cargo of pulp wood for Erie, Pa. There was a high wind and a heavy sea when the steamer put out from the Canadian shore, and conditions grew worse during the night. Early yesterday morning the steamer's steering gear became disabled. Both anchors were lowered, but they failed to hold on the sandy bottom and the Raleigh was carried toward Point Abino by the stiff northwest wind.

Captain Beauvais and his crew fought desperately to keep the disabled steamer in midlake, but when the boiler room became flooded, they were helpless. At dawn the Raleigh crashed on the rocks on the west side of Point Abino.

Nine members of the crew of 12 succeeded in getting ashore and were cared for in the huts at the Empire Limestone Company's quarries near Sherkston.

Employes of the quarries and the survivors were unsuccessful in their efforts to rescue Engineer Prichard, who late last night was still on the wreck.

SHIP LOST IN LAKE SUPERIOR.

Sault Ste. Marie, Mich., Dec. 1.—That some vessel was lost in the fierce storm Tuesday on Lake Superior is the theory of marine men here from the reports of wreckage off Vermillion Point.

The steamers Wilpen and Mueller reported passing through large quantities of short timber. Some think the unfortunate steamer is the Jay Gould, which is said to have had a cargo of short lumber and has not yet been reported. If reports are confirmed, it will add another boat to the long list which has found a resting place in that section, known as the graveyard of the lakes. For in the neighborhood of Whitefish and Vermilion more boats have been lost than at any other place on the lakes.

The steamer Rochester of the Western Transit Company has arrived here encased in ice. She showed the marks of a rough trip down the lake in the storm of Tuesday Captain P. Murray said:

"We were tossed about by the fierce winds for 24 hours and in the blinding snow we could not see anything. Our starboard siderails were mashed like kindling wood by the heavy seas. The cabin windows were broken and water poured in. The forward water tank was torn from its fastenings and washed away. Our cargo, which consisted mostly of flour, was damaged by water."

Couple Who Walked 8,000 Miles Finished At Kansas City

Kansas City, Dec. 1.—Accompanied by mounted policemen, who met the pair at the city limits, Mr. and Mrs. Dwight H. Woolf, ending an 8000-mile walking tour, arrived in this city yesterday. They were greeted at the City Hall by the mayor and other officers. The Woolfs began their walk 13 months ago at San Antonio, Texas, going to New York by way of Atlanta, then turning west.

JOHNNY KLING LOSES $90,000 IN POOL ROOM FIRE

Kansas City, Dec. 1.—Fire resulting from a gas explosion destroyed a five-story building yesterday and threatened a business block in the retail quarter.

Two floors of the burned building were used as a billiard hall and a bowling alley by John Kling, baseball catcher.

The loss is $250,000, of which $90,000 was sustained by Kling. The baseball man said he suffered most from the loss of valuable paintings which adorned the walls of his billiard hall. The paintings were not insured.

Tonight the govenrors will depart for Buffalo where a stop will be made tomorrow. Their day here was scheduled to be a busy one. Several banquets, a luncheon, auto rides and addresses by practically all the governors are on the program concluding with a reception of the governors aboard their private car. It was announced that Gov. Oddie of Nevada will attempt to have a rigid divorce law legislated through in Nevada, the state being tired of the "Reno joke."

ITALIAN CAR WON VICTORY AT SAVANNAH

Savannah, Dec. 1.—David Bruce Brown, the 24-year-old millionaire, yesterday won his second grand prize race this year. He scored this victory in an Italian Fiat car, defeating Eddie Haerne, another young millionaire, driving a German Benz in the third international race of the Automobile Club of America.

Hearne finished less than a minute behind Bruce Brown. Ralph DePalma finished third in his French Mercedes. The winner's time was 331.29 1-3; Hearnes 333.33.07, DePalma's time was 334.40.80.

The average speed of the race was 74.45 miles, against 70 55 in last year's grand prize race.

CLAIMS OHIO WILL BE FOR LA FOLLETTE

Columbus, Dec. 1.—Senator Robert M. LaFollette will have a majority of delegates from every state that remained in the Republican column at the last general election, is the prediction of Walter Houser, chairman of the National Progressive League committee. Organizations have already been formed in more than twenty states, Houser said, and in several of the states the "powers that be" are with the progressive movement. No effort will be made he said to form a state wide organization in New York but various congressional districts will be organized under the progressive movement. Massachusetts and Ohio, according to Houser, will be well forward in the line and even the home state of President Taft will be for La-Follette.

COAL OPERATORS TO HAVE A WAGE CONFERENCE SOON

Columbus, Dec. 1 —Preliminary consideration of the proposition of resuming the interstate wage conference interrupted at Cincinnati in 1908, was taken up by the operators of the Hocking Valley coal district here today Local operators intimated that they did not favor agreements with the Indiana or Illinois operators preferring to act in unison with the Pennsylvania operators.

MOORE ENTERS THE RACE FOR GOVERNOR

Columbus, O., Dec. 1.—With the statement that he would be able to win the progressive sentiment in the state to his support, announcement was made yesterday of the candidacy of Edward H. Moore, State Insurance Commissioner, for the Democratic gubernatorial nomination by David L. Rockwell, State Superintendent of Building and Loan Associations.

It was stated that a campaign in behalf of Moore would be started in a very short time. He is said to be approved by what is known as the "State organization" and to have large support in Cleveland, Cincinnati and elsewhere.

Moore was appointed head of the State insurance department by Governor Harmon. His home is at Youngstown.

Many a man's popularity isn't worth what he paid for it.

MARTIN A. KNAPP WILL HAVE TO FIGHT CONGRESSMAN SIMS TO SAVE HIS COURT OF COMMERCE POST

Washington, D C., Dec. 1.—Martin A. Knapp, presiding judge of the court of commerce, who recently declared that unless the railroads changed their tactics government ownership is inevitable, is likely to have a fight on his hands if he desires to continue the work of the court of commerce. Congressman T. W. Sims of Tennessee has recently declared that he will make an effort at this session of Congress to abolish the court of commerce. There was considerable opposition to the court when it was established, and its opponents declare that many of its decisions overruling the inter state commerce commission have justified their objections to the plan.

CAREER OF OIL TRUST IS ENDED

Subsidiary Companies Will Conduct Their Business Independently

COMPETITION EXPECTED

Public Will Have to Bide Time to Learn Whether Cheaper Oil is to be Result.

New York, Dec. 1 —The career of the Oil Trust officially came to an end yesterday. The Standard Oil Company of New Jersey, sometimes called the father of trusts, and perhaps the most celebrated corporation in the world, will no longer control the affairs, as the holding company, of more than 30 corporations in various branches of the oil business. Beginning today these subsidiaries, which, under the decree of the United States supreme court, must conduct independently the various enterprises, will assume entire management of their own affairs and it is expected that there will be greater competition in the oil business.

The Oil Trust theoretically passed out of existence on Aug. 31, when the books containing the records of the company's stockholders were closed for distribution of the stock of the subsidiaries, but during the intervening period of readjustment it was necessary to preserve the old form to a large extent.

Now the work of disintegration has been completed. The stock issues representing the subsidiaries passed into the hands of owners of old Standard Oil stock today, and the threads which long have bound the old companies together were severed.

The task of effecting dissolution was made less difficult by the fact that the subsidiary companies never had lost their identity. They have retained their separate officers and boards of directors and to a large extent have conducted their own affairs from their home offices, in whatever states they were. These companies, however, have had representation at 26 Broadway, the home of the New Jersey corporation, which exercised general direction over all their affairs. It is this connection which will end.

Subsidiaries which have not already surrendered their offices at 26 Broadway will do so, and henceforth the affairs of each company will be conducted in its home state. The Standard Oil Company of New Jersey will continue to exist, as it owns several large plants.

To each stockholder was forwarded today his proportionate share of stock in each of the subsidiaries, so that in place of one issue of stock he will have more than 30. The subsidiaries will continue to exist as heretofore, except that in cases where the same men have acted as officers or directors of more than one company, changes will be made to avoid such duplication.

In the removal of officials of subsidiaries who have had their offices at 26 Broadway, a large number of men who for years have lived in New York will be affected. Scores of officials and clerks will be transferred to other cities.

The public's relations wtih Standard Oil will not be visibly affected, at least for the present. No one is able to forecast the ultimate effect of the dissolution, whether it will have any bearing upon retail prices or upon the relation of the companies in the Standard Oil group with independent producers. Increased competition is expected, but the public will be obliged to bide its time before finding out whether it is to have cheaper oil.

PURSUE NEWLY-WEDS; KILLED.

Bosfon, Dec. 1.—While chasing an automobile in which a newly married couple was attempting to escape them, Julia Galvin and Mary Gaffey were killed and two other persons injured when their car skidded and turned turtle.

THIRTY PRECINCTS WERE MISSING IN ELECTION RETURNS

Santa Fe, N. M., Dec 1.—Official returns from 30 precincts in the recent state election are missing and the official canvassing board of the November election, which met yesterday, had to do its work without them. While neither party has made any charge of fraud, the withholding of the 30 precincts has caused a revival of talk of Congressional investigation and delay in President Taft's issuing the election proclamation, which the law directs he shall do immediately on receiving officially the canvass.

TOUCHDOWN WON FOR DENISON AT FAIRMONT, W. VA.

Fairmont, W. Va., Dec. 1.—The forward pass won the gridiron contest when Denison University team yesterday defeated the West Virginia University eleven by the score of 5 to 3. It was in the last part of the final quarter that Phelps threw the ball to Wood, an act that put the Ohioans in the lead. The game was a fast one and played mostly on West Virginia's part of the field.

West Virginia's team was much heavier but Denison's defenders showed greater speed and exercised better judgment on the field. Trick plays executed many times were employed to splendid advantage by the Denison players. Captain Rupp and Phelps starred for Denison.

West Virginia's score was made when Bachman kicked a goal. Coach Luder for West Virginia, in discussing the game, said Bachman should have kicked more in the first quarter. He said the game was lost by poor judgment on the part of West Virginia players. Coach "Hurry-up" Yost was present. A few words from him between halves gave the West Virginia lads a brace and there was a marked improvement in the last half. President Hodges of West Virginia University was the guest of Senator Watson. They occupied boxes reserved for them.

M'FARLAND GETS DECISION IN MURPHY BOUT

FIGHT WENT 20 ROUNDS AND CHICAGO LAD FAILS TO SCORE KNOCKOUT.

Hand Broken in Twelfth Round But Packey Gamely Finishes Fight —Attendance Six Thousand

San Francisco, Dec. 1.—Packey McFarland, the idol of the Chicago stock yards, won and lost yesterday when he got the decision over "Harlem Tommy" Murphy at the end of 20 rounds of fighting before 6000 critical spectators.

McFraland's victory over the New Yorker, whom 9/ per cent of those present, expected him to knock out, was clean and left little room for argument, but the rank and file of experts and fight followers seemed unanimous that as an opponent of Champian Ad Wolgast the Chicagoan was an impossibility.

McFarland and his handlers said that he broke his right hand in the twelfth round. A cursory examination at the conclusion of the fight showed the hand to be much swollen but of this the public was not aware until after it had left the arena.

McFarland, if he really broke his hand, fought a wonderful battle. Murphy, on the other hand, put up an exhibition of gameness and ability to come back rarely seen in a prize ring.

During the early rounds McFarland fairly smothered the little Harlem fighter with a dazzling variety of punches from which there was no escape. Once he sent Murphy flat on his back, but Tommy was up in a trice, apparently none the worse for wear. Time and again Murphy was all but fought out of the ring into the laps of the newspaper reporters, and appeared to be in great distress, but the well defined punch was not forthcoming to give him his quietus.

WOLGAST'S SUB STAYS 20 ROUNDS

Los Angeles, Dec. 1.—Willie Ritchie, a lightweight from the training entourage of Packey McFarland, achieved fistic reputation yesterday by staying 20 rounds with Freddie Welsh, the British lightweight challenger, who was to have fought Ad Wolgast for the lightweight championship at Vernon.

Ritchie, on 24 hours' notice, substituted for Wolgast, who was operated upon for appendicitis, but Ritchie had him groggy on two or three occasions.

WOLGAST IMPROVES; MANAGER TALKS

Los Angeles, Cal., Dec. 1.—Ad Wolgast, lightweight champion pugilist, who underwent an operation for appendicitis, was resting easily last night and was pronounced by his physicians to be in a satisfactory condition.

Wolgast showed much interest in the outcome of the Welsh-Ritchie fight, and smiled when told that Welsh had won the decision at the end of 20 rounds of grueling fighting. He made no comment.

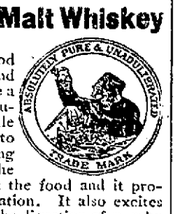
Manager Tom Jones denied reports that Wolgast would be unit to fight after he had recovered from the operation.

"Wolgast is still the champion," said Jones, "and he will defend his title. It may be some time, but he will re-enter the ring, and Freddie Welsh will be his first opponent for the title. But I will not allow Wolgast to do any kind of fighting in less than six months.

Indigestion—Dyspepsia

are two of the most common and most distressing of modern diseases, and are the cause of much ill health. To keep your stomach in a healthy and strong condition and to get the proper nourishment from the food you eat, take

Duffy's Pure Malt Whiskey



as directed.

It is a form of food already digested, and when taken just before a meal stimulates the mucous surfaces and little glands of the stomach to a healthy action, causing a sufficient flow of the gastric juice to digest the food and it promotes perfect assimilation. It also excites the flow of saliva for the digestion of starchy food, preventing fermentation in the stomach and bowels.

If these diseases or other stomach troubles have already taken hold, Duffy's Pure Malt Whiskey will quickly restore the diseased to their natural healthy condition.

Duffy's Pure Malt Whiskey is the only whiskey that was taxed by the Government as a medicine during the Spanish-American War.

Sold by druggists, grocers and dealers in sealed bottles, price $1.00. If you can't procure it, let us know and we will tell you how to obtain it. Write for free doctor's advice and book of recipes for table and sick room.

CASCARETS FOR A SICK SOUR STOMACH

Gently But Thoroughly Cleanse and Regulate Your Stomach, Liver and Bowels While You Sleep.

That awful sourness, belching of acid and foul gases; that pain in the pit of the stomach, the heartburn, nervousness, nausea, bloating after eating, feeling of fullness, dizziness and sick headache, means indigestion; a disordered stomach, which cannot be regulated until you remove the cause. It isn't your stomach's fault. Your stomach is as good as any.

Try Cascarets; they cure indigestion, because they immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry off the decomposed waste matter and poison from the intestines and bowels. Then your stomach trouble is ended forever. A Cascaret tonight will straighten you out by morning—a ten cent box from any drug store will keep your entire family feeling good for months. Don't foget the children—their little insides need a good, gentle cleansing, too.

THE MENACE OF STREET DUST

Dr. Howard S. Anders of Philadelphia, writing in the Journal of the American Medical Association, asserts that the problem of street cleanliness is a very urgent one. "Modern civilization," he says, "being mainly materialistic and commercialistic, is responsible for the creation of a multifarious, mixed, material refuse"—in other words street dust which Dr. Anders considers a "pernicious and persistent menace to the public health."

Country road dust Dr. Anders characterizes as "a comparatively clean dirt." It is composed principally of pulverized stone. It is irritating to the mucous membranes, but "relatively innocuous as to pathogenic organisms." The dust of the city streets is something different and decidedly more dangerous. It is an "accumulation of debris of various kinds, animal and vegetable." Dr. Anders goes into details as to the various elements that go to make up city dust, but these may well be left to the imagination. Most of the dust of the country road is due to the wear of the road itself. That cannot be the case with paved streets, hence instead of "a comparatively clean dirt" we have "an organic combination which in warm, wet weather is seething with rottenness, and in dry weather is mostly blown into our houses, noses and clothing by gusty winds, or sucked up as noxious, stifling clouds by motor cars while they speed and trolley cars while they are running, or braking for a stop." Dr. Anders' enumeration of what he calls dustbone diseases is interesting. He says:

"To the average pedestrian, dust is hardly more than annoyance; hence arises the large opportunity and high duty of men in our profession to educate the public to the dangers of dust; to show that it is not simply an irritant to the eyes, nose and throat, but a serious carrier of infection by inhalation and swallowing; that the pus-producing germs, so abundant in such dust, may and do infect and produce purulent conjectivitis, boils and carbuncles, and the graver purulent catarrhs of the nasal, faucial and bronchial tissues.

"That most of the communicable diseases of the respiratory tract are produced and transmitted by dust is doubtless true. For years we have had before us the deadly relation of the dust evil to tuberculosis. Were that the only danger, surely the awful prevalence and mortality rate of the 'great white plague' would alone justify the fight for street cleanliness and a declaration of independence against dust distributers. But when one adds to this the host of other dustborne diseases, catarrhal, tonsillar, bronchial, influenzal, pneumonic rheumatic, cutaneous the need for efficient public service in remedying and removing the evil becomes intensely imperative and the demand inexorable for right results."

Most of the so-called colds, Dr. Anders says, are dust infections, "gotten in places where people congregate and traffic circulates freely as in street cars, theatres, department stores, moving picture shows, halls, etc." It is shown clearly that dust in the city at least, is something more than a mere nuisance and annoyance, and that it is a constant and deadly source of danger.

The Sunday before Michaelmas day saw, until recent times, a curious custom at Kingston-Thames. The parishioners attended in force at the parish church, armed with nuts, which they cracked and ate throughout the service 'Nut cracking," however, was not peculiar to Kingston Goldsmith makes his Vicar of Wakefield say of his parishioners: "They kept up the Christmas Carol, sent true-love knots on Valentine morning, ate pancakes at Shrovetide, and religiously cracked nuts on Michaelmas eve."—London Chronicle.

WAKE UP WITH A "DARK BROWN TASTE"?

Get Rid of It! Run for OLIVE TABLETS

There isn't the slightest need to wake up any morning with a "brown mouth." Ugh! No need to describe it. Dr Edwards has made a "brown mouth" a thing of the past in thousands of homes with his little Olive Tablets, the substitute for calomel.

Anyone who takes Dr. Edwards' Olive Tablets the moment he suspects his liver and bowels, never has "a dark brown taste," a bad breath, a pimply face, constipation or any other form of bowel or liver disorder.

Take one just the moment you suspect you are constipated or that your liver is out of order.

Thousands take one at bedtime every night just to keep the bowels regular, the liver in order, the mouth clean and the breath pure and sweet

Olive Tablets are made of pure vegetable compounds mixed with olive oil.

Dr. Edwards spent 17 years in practice and in laboratory experiments before he perfected Olive Tablets.

Why don't you try them instead of the severe kind of laxatives that gripe and only effect temporary relief?

"Every little Olive Tablet has a movement all its own."

At all drug stores in neat pocket packages. At 10c and 25c

Made by the Olive Tablet company, Portsmouth, Ohio, or Columbus, Ohio. Dr. F M. Edwards, President. (60)

R. F. Collins, North Third Street Druggist, Has Secured Agency For the Remedy.

In a recent interview one of the physicians who are introducing the remarkable new tonic "Tona Vita" to the American public, had this to say:

"The manner of living in the larger cities of the United States is such that perfect health is almost impossible; the human machine will not run true and strong day after day with its vitality continually being sapped by the constant nervous strain. Irregular hours, hastily eaten food, the wear and tear and rush of city life, are largely responsible for the immense amount of dull listless, half-sick people of the present generation. Debility or a 'run down condition as it is called, is everywhere. Half the people I see in street cars, restaurants, theatres, or on the street, are unmistakably in a debilitated condition, with their nerves in such a state that they either wish to lie down and rest or rush after some excitement.

"Any one who has met a constant stream of nervous debilitated people as I have since I began my present work, can tell a man or woman in this condition at a glance. I wish to emphatically state that the number of debilitated people in the larger American cities is appalling.

"'Tona Vita,' the medicine I am helping to introduce, is to combat this condition. I believe it to be the best preparation ever before sold to the public, in that it is immediately effective in cases of debility and other troubles that go hand in hand with this disease."

You cannot hope to enjoy life or meet with much success if you are tired all the time, have little ambition, and feel continually depressed in mind and body. Every half-sick, worn out man or woman, owes it to themselves and their family to try "Tona Vita." If the tonic does not make life more worth living, and brings back the healthy, energetic spirit, that is now lacking, the price is refunded. R. F. Collins has the agency for 'Tona Vita in Newark: also for Lee's Rhubarb Laxative, the purest and best family laxative in the market. Lee's Rhubarb Laxative will not injure the most delicate constitution. It is ideal for children.

HIGH IN THE AIR.

The aviator's wife was taking her first trip with her husband in his airship. "Wait a minute, George," she said "I'm afraid we will have to go down again."

"What's wrong," asked her husband.

"I believe I have dropped one of the pearl buttons off my jacket. I think I can see it glistening on the ground."

"Keep your seat, my dear," said the aviator, "that's Lake Erie." —Youngstown Telegram.

NEWARK PLAYS TIE GAME AT WEHRLE PARK

SOUTH HIGH'S WEIGHT FAILS TO OVERWHELM LOCAL LIGHT WEIGHTS THURSDAY.

Newark Plays Brilliantly at Times And Several Spectacular Runs Delight Small Crowd.

The Newark High school football eleven closed the season at Wehrle Park yesterday afternoon when they played Columbus South High to a scoreless tie.

Regardless of the fact that Newark failed to score, their playing against the Columbus heavyweights was regarded by the local high school followers as a victory. The greater part of the play was in South's territory and brilliant plays by the local lads seemingly placed them in a much higher class than that of their adversaries.

The bitter cold wind which swept the playing field, was an important factor in the game and was largely responsible for Newark's failure to score on South High.

Forward passes which have heretofore been used effectively by the local players, were useless yesterday. The ball was carried by the wind so the player receiving the pass, missed it by several yards.

Punts which ordinarily would have dropped within a reasonable area, were carried far beyond the back field and at least a half dozen times, the ball bounded across the side lines and hence could not be returned by the fast backs.

The spectators who braved the elements and endured the bitter cold felt repaid for their discomfort for the game was interesting. Spectacular runs by the Newark players brought cheers of enthusiasm from the small crowd and the players were loudly praised for the good work.

Once Jim Brown ran half the length of the field with the ball and deposited it behind the goal posts. Another time he ran 30 yards and performed the same feat but each time he was called back for having ran out of bounds.

The boundry lines were indistinct, which was the cause of the trouble. The lime was put on Wednesday afternoon while there was still a light covering of snow on the field. When the snow melted under the sun's rays, the lime disappeared.

It is the opinion of many that Newark used poor judgment in not trying for goal the last time they advanced the ball to the shadow of South's goal. Twice they were held on the eve of scoring and the players should have expected a stubborn resistance the third time as well. The ball was near enough so the kicker could have fallen far back of his line and still been close enough to the goal posts to make the chance an easy one.

The game was spoiled to a certain extent by the continual wrangling between players and officials. Much time was spent in this pastime while the spectators shivered.

The game ended with the ball in Newark's territory. The last half dozen plays were punts by both sides, each team in the last period fighting to keep the ball out of danger and prevent scoring. Lineup and summary:

IRON TRADE REVIEW

Cleveland, Dec. 1.—The Iron Trade Review says: Among the important developments of the steel trade during the past week are the placing of contracts for furnace coke aggregating 1,400,000 tons for delivery over 1912; the announcement that a new basing card on merchant steel pipe becomes effective today, showing further reductions of from $2 to $4 a ton; heavy trading in basic pig iron; continued buying of equipment by the railroads and the withdrawal of extremely low quotations on steel bars by at least one large independent steel company. Additional tonnage is under active negotiations. Two large steel companies which have not been regular buyers of basic pig iron in the open market are quietly figuring upon heavy tonnage and are expected to buy upward of 50,000 tons.

HIGH COST OF LIVING.

A stately squash grew on a vine that hung upon a fence, and it was large and smooth and fine, and sold for seven cents. The buyer put it in a crate and shipped it off to town; the railway charged ten cents for freight, and got the money down. Then divers kind of middlemen passed that old squash along, and each one got a rake-off then in which they saw no wrong. The jobber to the grocer sold that squash one autumn day, and it was scarred and bruised and old, and tending to decay. The farmer man who raised that squash to town came on his wheel; at dinner time he said: "B'gosh, I'll have a good square meal!" So to a restaurant he sped and ate some squash on ice, and then he stood upon his head when he was told the price. "Your price on squashes makes me hot!" he cried; "your game is bunk! I'd sell a wagonload for what you charge me for that chunk!" Our eyes with teardrops are awash, we're viewing with alarm: for when we go to buy a squash, we have to buy a farm.

Round and Round Went the Mouse

Daddy's Bedtime Story— The Mouse That Went Bicycle Riding

"THERE'S a mouse in her pantry, and Dinah is awfully put out about it," said Jack.

"Yes, and you and Evelyn will be put out if mousie gets into the cake box or gnaws her way into the jelly glasses and eats your share. You won't like that very well, will you?" said daddy.

"No, indeed," replied the children.

"However, if Dinah's mouse got as much exercise as a mouse I've just heard about it would be no wonder it had chosen the pantry for its home, for it would have reason to be hungry.

"This mouse lived in the cellar of a house in Philadelphia. It had always fared well until the family left the city for a visit. Then the house was closed, and crumbs became scarcer and scarcer. The cupboard shelves were cleaned off by the mice, and every nook and corner of the house was ransacked for food. Most of the mice made up their minds to move, but this little gray mouse loved his home.

"'Surely, if I work hard I can find something to eat,' said he. So he gnawed at the corners of books and chewed the leather covers of chairs—in fact, got along on anything he could find. Upstairs he ate a bit of soap and in one corner of the cellar dined off some putty. It was a hard life, and mousie became thin and weak before long.

"'But surely our folks will come home some day,' he said, and he would prowl around quite hopefully, wishing that they might return soon. He was ready to welcome them even if they brought home another cat.

"One day he crossed the huge beams of the cellar ceiling and looked down. A queer object was hanging below him, and in looking at it he lost his foothold and dropped. He fell just on top of one of its rubber tired wheels, for it was a bicycle. Round and round it went, and to keep from being tossed off the mouse had to run up the rim. You see, his weight caused the wheel to turn.

"Nobody knows how long the poor little mouse kept up his running, but one day the family did come home, and the owner of the bicycle, who had hung it to the ceiling to keep it safe, went down to have a look at it.

"He was amazed to see the wheel spinning round and round. Then he noticed the mouse and stopped the wheel. The little mouse dropped to the floor and lay there panting, too worn out to run away. When the folks looked at the instrument that showed how much the wheels had turned it gave the distance that the mouse had traveled as eighteen miles. Quite a stretch for one small mouse, wasn't it, and quite a queer way for a mouse to travel?"

STOMACH GAS

The Cause of Many Misleading Symptoms and Unnecessary Alarm.

Gas on the stomach sometimes causes pressure on the heart and the sufferer is unnecessarily alarmed, fearing heart disease. In other cases it produces bloating and more needless worry. The real trouble is in the blood.

When the blood is poor and thin, and the stomach in consequence is imperfectly supplied with well-oxidized blood and nerve force, the digestive process becomes slow and fermentation of the food goes on, with formation of gas and certain acids. The pressure of the gas causes pain in the stomach; the acids produce the sour risings in the throat.

There are plenty of things to neutralize these acids, or, "sweeten the stomach" as it is called, but they do not cure the trouble. Pure rich blood which will tone up the stomach is required, as this case shows.

"Five years ago," says Mr. Walter Geary, of No. 303 Krams avenue, Roxborough, Philadelphia, Pa., "I was confined indoors, working in a machine shop, and became run down. For three years I suffered from gas on the stomach. I felt all bloated up, had terrible pains in the abdomen and was so dizzy at times that I could hardly see anything. I had bad headaches frequently. I lost in appetite and weight and got as yellow as could be. I felt tired all of the time and could hardly drag my legs along. I had trouble in keeping at work and was nervous and despondent.

"The doctors' prescriptions didn't help me and I thought there was no cure until I began using Dr. Williams' Pink Pills for Pale People. A thorough trial of the pills completely cured me and I am now feeling in perfect health."

The vigor and strength which comes from a healthy stomach and a perfect digestion can only be obtained by keeping the blood pure and red. Sufferers from too much gas or acid on the stomach, heartburn, tenderness or pains through the pit of the stomach or any form of indigestion should start at once to build up and purify their blood with Dr. Williams' Pink Pills for Pale People. Others who need a blood-builder will find these pills a most useful tonic.

Dr. Williams' Pink Pills are sold by all druggists, or will be sent, postpaid, on receipt of price, 50 cents per box; six boxes for $2.50, by the Dr. Williams Medicine Company, Schenectady, N. Y. Write to-day for a free copy of our booklet, "What to Eat and How to Eat."

RICHES IN CHURCHES.

I am in fullest sympathy with the work of the Christian church, but I am not in sympathy with any movement that tends to commercialize it. I believe adequate salaries should be paid preachers and further believe that if less money were paid out in fashionable churches in the great cities and more fair provision made for a fund that would insure better remuneration for preachers in small communities throughout the world much good would result. The big preacher in the big church does not reach the masses. Preachers in little churches throughout the country reach the people, and not only people in the sense of numbers, but also in the sense that they are people whose hearts are not calloused by Mammon. The masses of our country offer the proper soil for the growth of religion.—Governor Osborn of Michigan.

SURELY BREAKS UP A BAD COLD IN A FEW HOURS

Pape's Cold Compound is the result of three years' research at a cost of more than fifty thousand dollars, and contains no quinine, which we have conclusively demonstrated is not effective in the treatment of colds or grippe.

It is a positive fact that a dose of Pape's Cold Compound, taken every two hours until three consecutive doses are taken, will end the Grippe and break up the most severe cold, either in the head, chest, back, stomach, limbs or any part of the body.

It promptly relieves the most miserable headache, dullness, head and nose stuffed up, feverishness, sneezing, sore throat, running of the nose, mucous catarrhal discharges, soreness, stiffness and rheumatic twinges.

Take this harmless Compound as directed, with the knowledge that there is no other medicine made anywhere else in the world, which will cure your cold or end Grippe misery as promptly and without any other assistance or bad after-effects, as a 25-cent package of Pape's Cold Compound, which any druggist in the world can supply.

HER MEMORY KEEN.

She Had Consumption Was Dying; Now Well

Eckman's Alterative is being used with success in the treatment of Tuberculosis. Persons who have taken it improved, gained weight, exhausting night sweats stopped, fever diminished, and many recovered. If you are interested to know more about it, we will put you in touch with some who are now well. You can investigate and judge for yourself. Read of Mrs. Govert's recovery

Griffith, Ind.

"Gentlemen: Thinking that perhaps a short history of the remarkable cure of my mother-in-law (Mrs. Anna Govert) might benefit some other sufferers, I hereby give the following testimonial: About September 10, 1908, she was taken sick with Catarrhal Pneumonia, and continually grew worse, requiring a trained nurse. Night sweats were so bad that it was necessary to change her clothing once or twice every night; her cough increased and got so bad that everybody expected that she would not live much longer. The trained nurse (Miss Anna Trimen) informed me that she had Tuberculosis and nothing could be done for her. In January, when Rev. Wm. Berg, of St. Michael's Church, at Shereville, Ind., prepared for her death, he recommended that I get some Eckman's Alterative, and see if it would not give her some relief. I then requested the attending physician to give his diagnosis and he informed me that she had Consumption and was beyond all medical aid. When I asked if he thought that it was useless to try the Alterative, he replied that 'No physician could help her any and I could suit myself about it.' So I immediately had Rev. Wm. Berg to send for a bottle. Practically without hope for recovery, I insisted that she try the Alterative, which she did. At the end of the first week's treatment, she got so bad that she refused to take any more of it, but the doctor advised her to keep on taking it, as it was the only thing that might help her. I am glad to say now that she kept on and soon began to improve. Now, she works as hard as ever, weighs twenty pounds heavier than she ever did before she took sick, and is in good health. She frankly says she owes her life and health to Eckman's Alterative. We keep it on hand at all times and recommend it highly.

"(Signed Affidavit) JOS. GRIMMER."

Eckman's Alterative is effective in Bronchitis, Asthma, Hay Fever; Throat and Lung Troubles, and in upbuilding the system. Does not contain poisons, opiates or habit-forming drugs. Ask for booklet of cured cases and write to Eckman Laboratory, Philadelphia, Pa., for more evidence. For sale by all leading druggists

WIDENING OF SIXTH STREET BEFORE COURT

Case Being Heard By Jury and May Occupy Several Days' Time.

One of the most important cases as well as one of the most interesting that has come before the probate court in a long time was that which is now being heard to the court and a jury.

The case has to do with the widening of Sixth street, and the jury before which it is being tried will fix the compensation and damages to the property to be appropriated to bring the street to a uniform width by taking sixteen feet from the property on the west side of the street. The most interested parties are the estates of Michael Bolton, the Simpson and the Burns estate.

The street is very narrow from West Main street to the Ohio Canal, from Wilson to Railroad street and from German street south nearly to the Licking River.

The Friday morning session of the court was largely taken up in securing a jury. City Solicitor Frank A. Bolton and Roderic Jones are looking after the interests of the city, while J. R. Fitzgibbon and J. R. Flory are representing the property owners. It is thought that the case will occupy the attention of the court several days.

When you strike a love match there is seldom any money to burn.

In accepting a favor it is just as well to look for the price mark.

PUNY LITTLE BOY

"Now Picture of Health," His Father Says.

The pale, wistful faces and thin spindling limbs of "delicate children" tell plainly enough the story of poor nourished bodies.

We know just what ought to be done for such children. Here is a letter from Richard Rush, Columbus, Ind., saying, "I believe I am indebted to Vinol for the health of my little son. He had a severe attack of whooping cough and measles which affected his lungs and constitution.

"We tried several other remedies without any result, then commenced using Vinol and I take pleasure in saying that he is the picture of health now, due to the use of Vinol."

Sickly children need the strengthening cod liver elements and the tonic iron that Vinol contains—that is why Vinol builds them up quickly and gives them a fine healthy color. It is pleasant to take and we guarantee that the results will satisfy you—money back if they do not. F. D. Hall, druggist, Newark, O.

THE ENGLISH COURT JOURNAL London, England, says: "Mrs. Mason's hair preparations made from Old English formulas are scientific and superior." The leader is Mrs. Mason's Old English Shampoo Cream, a famous head wash, now obtainable at F. D. Hall, druggist, Newark, Ohio, and other druggists, 25c a tube.

FENCE BEING ERECTED AT RESERVOIR

Employes of the public service department are now at work on the construction of a "non-climbable" fence around the municipal waterworks reservoir on the summit of Horn's hill north of this city. The fence is seven feet high and is so constructed that it is impossible for trespassers to climb it. The fence replaces a tight board barricade put up by the old water works company several years ago. The fence was so badly decayed that it was practically useless. Recent wind gales have blown down great lengths of it. The new fence is so constructed that leaves and other trash cannot blow into the enclosure and it is proof against all animals larger than rabbits. The posts supporting it are of steel set in concrete and it makes a durable and effective barricade, besides being cheaper than a board fence of similar heighth.

The club adjourned to meet with Mrs. E. E. Wright, December 12.

The announcement of the engagement of Miss Gertrude Hazlett Hook to Mr. Franklin Curtis Edmiston was formally made this week at a 500 party given by Mrs. Fred Hook of Ashland avenue.

A most unique and original method was employed in the announcing of the approaching nuptial event. At the close of the contest a Western Union Telegraph Messenger arrived with a telegram addressed to Miss Florence Frazier containing the following message: "Mrs. Fred Hook announces the engagement and approaching marriage of her cousin, Miss Gertrude Hazlett Hook to Mr. Franklin Curtis Edmiston. The marriage to take place January the third, nineteen twelve."

The Hook home was beautifully decorated with ferns and yellow and white chrysanthemums. The afternoon was delightfully spent at the card tables at the conclusion of which elegant refreshments were served. One striking feature was the manner in which the salad was served in canoes made of banana skins with a cupid paddling the canoe holding a white flag aloft with the initials of the bride and groom elect stamped on in gold letters. The Cupids were given as favors.

The guests were limited to the most intimate friends of Miss Hook and the following young ladies overwhelmed the bride-to-be with best wishes: Misses Florence Frazier, Annabelle Meyer, Elizabeth Herdman, Nellie Dreibelbis, Bertha Thomas, Marjorie Loomis, Edna Kearns, Dorothea Guthrie, Margaret Hook, Mesdames Wm. Atwell, Ralph McCormick, Harry Orr, Frank Carey, Herbert Brown, George Nicholl, Charles Worrell, David Edmiston, Clifford Atwell, James U. Clarke, David Hook, and Miss Henrietta Coleman of Rushville, Ind., the guest of Mrs. George Nicolls, and the honored guest, Miss Hook.—Zanesville Courier.

Mr. Edmiston is very well known in Newark and many friends here will hasten to extend congratulations.

Miss Georgia Arbaugh of West Church street was hostess at a six o'clock dinner Thanksgiving evening in honor of her guest, Miss Margaret Arbaugh of Jewet, Ohio. Covers were laid for the honor guest, Margaret Arbaugh, Misses Margaret and Eleanor Stasel, Helen Arbaugh, and the hostess, Messrs. G. R. Lisey, T. R. Richards and M. H. Lane of Zanesville.

A delightful surprise was given at the home of Mr. and Mrs. William Donahue in Woods avenue, reminding them that it was their birthday anniversary. The evening was delightfully spent in music and games.

At a late hour dainty refreshments were served the following: Mr. and Mrs. William Donahue, Mr. and Mrs. Wayne Sheppard, Mr. and Mrs. Alva Haynes, Mr. and Mrs. Henry Adams, Mr. and Mrs. George Walker, Mr. David Cramer, Mr. and Mrs John Hymell, Mr. and Mrs. Mark Heck, Mr. and Mrs. Samuel Spring, Mr. and Mrs. Rube Donahue, Mrs. Esther Wakemy, Mrs. Ruth Davis, Mr. and Mrs. George Warrington, Mrs. Emma Underwood, Mrs. Andrew Cramer, Mrs. Nancy Hayes, Mrs. Harold, Misses Irene and May Donahue, Anna and Jessie Underwood, Helen Spring, Orrel and Nan Hayes, Frances and Lucille Heck, Mildred Donahue, Dorothy Hymell, Messrs. Leroy and Ralph Walker, William and Herbert Siegler, William Donahue, Jr., Harold and Frederick Spring and Arthur Hymell.

Mr. and Mrs. J. W. Cochran of Woods avenue, were entertained Thanksgiving day with a home gathering of the children, all with well filled baskets. The parents, Mr. and Mrs. Cochran, extended their heartiest welcome to all. The large table was decorated with ferns and chrysanthemums. The afternoon was spent in musical entertainments.

Those present were: Mr. and Mrs. C. J. Stradley and family, Mr. and Mrs. Alonzo Cochran and family, Mr. and Mrs. George Hoonen, Mrs. Bessie Hilleary, Mr. George Kirk, Mr. Charles and Ray Cochran, Mr. and Mrs. Geo. Gium and daughter Ewa.

The Harmonious Club will meet with Mrs. J. P. Britton in the Henrietta flats, Friday afternoon at 2:00 o'clock.

The Poinsetta club was delightfully entertained Friday afternoon by Mrs. Arthur Davis at her home in North Fourth street. The afternoon was pleasantly spent in sewing. A dainty luch was served the following members. Mrs. Fred E. Ryan, Mrs. Spencer Fink and Mary Shepherd. The guests of the Club were Mrs. K. F. Shultz, Mrs. Fred M. Ryan and Miss Guenra Thomas.

This is the season when on every hand is heard a voice urging people to do their Christmas shopping early That's timely advice. Quite as timely, too, is the advice to spend your money at home and help along the business of the town. Here in Newark you'll find as fine lines to select from as you'll find in much larger towns. It's the dollar spent with the home merchant that helps build up home industry, not the dollars carried elsewhere

RAILWAY AFFAIRS.

Dining Car Service in India.

Dining car waiters on railroads in India are barefooted natives in long white gowns held in at the waist by a broad band, their heads wrapped up in puggress (a light scarf.) The dinner service is rough and coarse, and the price higher than in this country. Most of the food served comes in tins. Between courses the dishes are piled on the floor. India is a land of contrasts, and this contrast between the dirty black feet and the dirty white dishes is one of the things to which the traveler gets accustomed, but never reconciled.

Employes Get Increased Pay.

Announcement is in Cincinnati that all differences existing between the Baltimore & Ohio and Baltimore & Ohio Southwestern railroads, and their telegraphers, telephone men, station men and lever men regarding an increase in pay, shorter hours and better working conditions have been settled. The increases in pay will amount to about $75,000 per annum, with 5 cents an hour increase for over-time and a reduction of one hour per days in working time, as men in eleven hour "tricks" will now work 10 hours daily while the nine-hour workers will labor eight hours. About 2,000 men will get the increase in pay, which amounts to about 5 per cent.

Requests for the increase in pay and other modifications of the working agreement were made of the road management last July 17, and on Nober 7 Judge Martin A. Knapp of the Commerce Court, and Commissioner of Labor, Charles Neill, both of whom are located in Washington, who were called upon under the provisions of the Erdman act as mediators, announced that the increase had been granted and official notice to this effect was made by the railroad company. This agreement was signed by General Manager A. W. Thompson of the Baltimore & Ohio and Fourth Vice President J. J. Dermody of the Order of Railroad Telegraphers.

SAGE TEA WAS USED BY OUR GRANDMOTHERS

It is easier to preserve the color of the hair than to restore it, although it is possible to do both. Our grandmothers understood the secret. They made a "sage tea," and their dark, glossy hair long after middle life was due to this fact. Our mothers have gray hairs before they are fifty, but they are beginning to appreciate the wisdom of our grandmothers in using "sage tea" for their hair and are fast following suit.

The present generation has the advantage of the past in that it can get a ready-to-use preparation called Wyeth's Sage and Sulphur Hair Remedy. As a scalp tonic and color restorer this preparation is vastly superior to the ordinary "sage tea" made by our grandmothers.

This remedy is sold under guarantee that the money will be refunded if it fails to do exactly as represented.

If your hair is losing color or coming out, start using Wyeth's Sage and Sulphur today, and see what a change it will make in a few days' time.

This preparation is offered to the public at 50 cents a bottle, and is recommended and sold by all druggists.

FIVE MINUTES SOMETIMES MAKES A BIG DIFFERENCE

If You are Suffering the Tortures of Indigestion and Have to Wait Until Some One Runs to the Drug Store For a Box of Stuart's Dyspepsia Tablets.

Free Trial Package.

The instant relief afforded poor overburdened stomachs by the use of a Stuart's Dyspepsia Tablet should be a reason for constantly keeping a box on hand—at home and at the office as well.

The Stomach Welcomes Quick Relief.

A Stuart's Tablet not only aids digestion but it actually does the digesting itself In other words it furnishes exactly the same elements for the digestion of food as the natural juices of the stomach. The stomach therefore, is not called upon to do any of the work except to churn the juices furnished by the tablet and then push the digested food along into the intestines where it will be still further digested and the strength taken up by the blood to be carried to the muscles and nerves of the body.

So by taking a Stuart's Dyspepsia Tablet after a meal you give the stomach the rest it needs in which to mend itself and grow well again And you absolutely prevent the souring of any food, the formation of any poisonous gases, belching, foul breath or constipation.

Stuart's Dyspepsia Tablets have done more for humanity and have caused more rejoicing than any other one agency that can be named

Every druggist everywhere sells and personally recommends Stuart's Dyspepsia Tablets. The price is 50 cents per box. If you first wish to try them a sample package will be sent you free if you write to F. A Stuart Co., 150 Stuart Bldg., Marshall, Mich.

Sore Throat Wisdom

If every mother could realize the real danger that lurks behind every case of sore throat, she wouldn't rest until she had effected a cure every time a child has it.

Your family physician will verify the statement that it is a positive fact that every child with sore throat is in immediate danger of contracting Croup, Quinsy, Tonsilitis or Diphtheria, and is not removed from that danger until the throat is cured. Think of it!

Liniments or outward application of medicines do not and cannot cure the ailment, though they may offer temporary relief. Neither can you cure sore throat with a cough syrup or a cold cure.

To cure, you must get at the seat of the disease, removing the cause. Nothing does that so quickly, safely and surely as TONSILINE. A single dose of TONSILINE taken upon the first appearance of sore throat may save long weeks of sickness, great expense, worry, even death. TONSILINE is the stitch in time.

Use a little sore throat wisdom and buy a bottle of TONSILINE today. You may need it tomorrow.

TONSILINE is the standard sore throat remedy—best known and most effective and most used. Look for the long necked fellow on the 25 or 50 cent sized bottle when you go to the drug store to get it.

AN APPEAL FOR SOUTH SIXTH STREET

(Communicated.)

To the Newark Board of Trade

While you believe in improving and beautifying our city, which should be the sentiment of all good citizens, I would call your attention to the old tumbledown building at the corner of Sixth and West Main streets, which narrows the entrance to Sixth street and endangers the lives of persons coming out of South Sixth street. The last accident was the complete destruction of a touring car driven by Dennis White as he couldn't see the car coming from the west in time to save the machine. Mr. White and his sister barely escaped with their lives. And there have been several narrow escapes since then.

This building sets out 16 feet on the street and prevents having a sidewalk. By buying a strip 16 feet by 50 the street could be widened back to the state line and make an improvement that would be of great benefit to the city and especially to hundreds living in that vicinity. The longer the improvement is delayed the more it will cost.

We have brick walks on both sides of Jefferson street, and as this is our only outlet to West Main street when there is a muddy spell it becomes next to impossible to get there as the vehicles monopolize the whole of the narrow street. At times the narrow street is so much cut up it is impossible to wade through the mud to West Main street.

You have greatly improved Fountain Park (the old cemetery) which was a grand improvement, but there are more people who pass over this narrow outlet in one day than those who pass the park in a week.

The people of South Sixth street are only asking what will benefit the city as a whole as well as the improvement necessary for its citizens. It is all in the interest of Greater Newark.

The Perfect Laxative For Elderly People

Age has its attractions no less than youth in a more serene and quieter life. But it is this very life of rest without sufficient exercise that brings with it those disorders that arise from inactivity. Chief of these are a chronic, persistent constipation.

Most elderly people are troubled in this way, with accompanying symptoms of belching, drowsiness after eating, headaches and general lassitude. Frequently there is difficulty of digesting even light food. Much mental trouble ensues, as it is hard to find a suitable remedy. First of all the advice may be given that elderly people should not use salts, cathartic pills or powders, waters or any of the more violent purgatives. What they need, women as well as men, is a mild laxative tonic, one that is pleasant to take and yet acts without griping.

The remedy that fills all these requirements, and has in addition tonic properties that strengthen the stomach, liver and bowels, is Dr. Caldwell's Syrup Pepsin, which thousands of elderly people use, to the exclusion of all other remedies. Trustworthy people like Mr. Ed. Gilbert, Miamisburg, Ohio, and Mrs. Margaret M. Brown, Springfield, Ohio, say they take it at regular intervals and in that way not only maintain general good health, but that they have not in years felt as good as they do now. You will do well to always have a bottle of it in the house. It is good for all the family.

Anyone wishing to make a trial of this remedy before buying it in the regular way of a druggist at fifty cents or one dollar a large bottle (family size) can have a sample bottle sent to the home free of charge by simply addressing Dr. W. B. Caldwell, 405 Washington St., Monticello, Ill. Your name and address on a postal card will do.

Butter smokes at 329°
Lard at 400°

You can heat Crisco to 455°
and it will not smoke

No smoking—no burning

All cook books say that to fry in lard, you must get it "smoking hot."

At 400 degrees, lard begins to smoke and burn. To fry with it, you often have to fill your kitchen with smoke, and the burnt lard makes black specks on the food.

You can heat Crisco very much hotter than lard and it will not burn or smoke.

You can heat it so hot that it fries foods in half the time required with lard and no distasteful "frying odor" permeates your dining room and kitchen.

Crisco fried foods never have burnt black specks because Crisco does not burn. You will find they are the most appetizing looking fried foods you have ever seen.

In frying with lard you have noticed how you have to keep adding more. With Crisco, you never have to do this. This shows how economical Crisco is.

THANKSGIVING ENJOYED BY NEWARKITES

Thanksgiving Day was indeed a gala one in the city and many who have been out of the city during the past year connected with business in other places returned home to share in the home life and indulge in the good things on the festal board.

The sun shone brightly during the day, but a "tight" wind fairly blew the people from the street into the places of amusement and the picture theatres, Auditorium theatre and the Orpheum received their full share of patronage. A football game had been provided for the enthusiasts of that form of sport at Wehrle park.

In accordance with a custom that seems to be gaining popularity a number of families took the Thanksgiving dinner at hotels and restaurants and these places were crowded during the entire day. The patronage has been increasing in popularity for the past three years.

Do something to make other people happy even if its only to let them alone.

AMUSEMENTS

At the Auditorium.

The Keith company at the Auditorium yesterday was greeted by two packed houses. In the afternoon "The Diamond Mystery" was presented and in the evening "The Peddler."

Manager Deshon was forced to turn several hundred people away Thursday evening having sold the entire house out long before the doors were opened.

Tonight the Keith Company will present "Shore Acres," a play that has enjoyed one of the longest runs in the history of the drama and one that will live forever. It would almost be impossible to describe the play to those who have never witnessed it. It must be seen to be appreciated. It takes one back to childhood days and makes them forget that they are looking at a play.

Mr. Keith spares no expense to make "Shore Acres" a big production and carries a full car load of scenery especially for its staging. The Keith company is a clever aggregation and a real treat is in store for all who may attend "Shore Acres" this evening.

Manager Wm. Deshon of the Auditorium who has succeeded Mr. England is more than pleased with the theatrical outlook in Newark. He stated Friday morning that he intended giving his patrons the best productions obtainable and considering the fact that Newark was rated as an excellent theatrical point by the big producing managers of the East he did not anticipate any drawback to his plans.

Mr. Deshon is a pleasant and agreeable young man, competent in every branch of the business and no doubt will work up the patronage of the house to a point that will be more than pleasing to the lessee.

The Mounters' Minstrels.

The advance sale of seats for the Mounters' Minstrels at the High School Auditorium next Tuesday evening is very large, and indicates that the friends of the Mounters have full faith that the entertainment will be all that could be desired. Mirth and melody is the slogan of the organization, to which might be added dancing by some of the most expert terpsichorean artists in the city.

Following is the program for the Mounters' Minstrels.

Opening chorus, A Song of the Sunny South—Company.
Introduction—I'm a Bear for You.
Just a Dream of You, Dear—E. Pritchett.
They Always Pick on Me—R. Davis.

Oh You Beautiful Doll—F. Johns.
I'll Meet You Honey in Honeysuckle Time—Jos. Ingram.
Hold Me Just a Little Closer—E. Laudenschlager.
That Railroad Rag—H. Ingram.

Doors open at 7 o'clock. Show starts at 8 o'clock. Seats can be reserved at Erman & Son's Arcade drug store.

What the Press Agent Says

"The Rejuvenation of Aunt Mary."

Helen Lowell won immediate recognition for her excellent portrayal of eccentric characters, first as "Miss Hazy" in "Mrs. Wiggs of the Cabbage Patch," and then as "Lizzie" an exceptionally funny part in "The Lottery Man." The artistic ability displayed by this gifted actress is an achievement that is exceptional. When May Robson decided to produce a new play she appointed Miss Lowell as a worthy successor to assume the role of "Aunt Mary." The play will be at the Auditorium theatre next Tuesday evening.

"Fantasma."

"Fantasma" is coming and in a new and better and brighter dress than ever. This famous production of the Hanlons has been brought up-to-date and is now a happy and merry combination of grand opera, fun, pantomime, spectacle extravaganza and illusions. The Hanlons have fairly out done themselves this year and "Fantasma" is said to be the greatest production they have ever made. This will be an Auditorium theatre attraction soon.

THE ORPHEUM.

The Wendt Musical Quintette opened at the cozy Arcade theatre yesterday to three capacity houses and proved a decided success. It didn't take the five pretty girls long to show their patrons that they were the musical experts they were billed to be, and they not only came up to the expectations of all, but seemed to go far beyond them. The girls not only have very sweet voices, but are skilled on the several musical instruments, including the violin, clarinet, cornet, cello and piano. The vocal selections are the popular kind and made a decided hit On the different instruments they are truly excellent, making in all one of the very best musical treats ever enjoyed by Orpheum patrons. Fred Arn, the man behind the cork, proved to be a clever comedian and his mannerism and his own new and original way of delivering his several parodies and stories is extremely entertaining All his comedy is good and clean with the exception of one little verse which he immediately "cut out" as soon as Manager Basset gave him "the tip" that it was not refined enough for his patrons. The comedy skit, "The Frenchman and the Girl," is full of funny mixups, and as presented by Chandler and Ames is an immediate hit. A comedy sketch is always entertaining and this is one of the best. Kamo presents a novelty which is very entertaining from start to finish One of his features is the work he dies with his magic rings in acrobatic stunts. The Orpheumscope has a good picture.

BARBERS PLEASE NOTICE.

One day Mark Twain was being shaved by a very talkative barber and was forced to listen to many of his anecdotes.

The barber had to strop his razor and when he was ready, brush in hand, to commence again, he asked:

"Shall I go over it again?"

"No thanks," drawled Mark. "It's hardly necessary. I think I can remember every word."—Everybody's.

Milk or Cream?

Some folks, when not careful, get all the flour in the wheat.

That is ordinary flour.

Other folks, at the same price, get just the heart of the wheat—

Just the daintiest particles—just the cream of the flour.

All because—

Some folks say simply "flour."

And others, in ordering, say "Gold Medal Flour."

Gold Medal Flour is ten times sifted, through ten fine sheets of silk.

Only the flour that comes through—fine, soft and digestible—ever goes into Gold Medal bags.

The quality shows in the perfect mixing and rising—in the flaky pastry—in the golden bloom on the loaf.

You can get that flour always—forever alike—by stating that you want it. Don't merely say "flour." Say—
